

Questionnaire

Sample questionnaires used for the study

A Questionnaires

A.1 Sample Questionnaire: Female Students in Coeducational Universities

Instructions: Please answer the following questions based on your experiences. For multiple-choice questions, select one option unless otherwise stated. For open-ended questions, write a brief explanation.

1. **During high school, how would you evaluate your level of self-confidence in classroom activities (such as asking and answering questions, giving presentations)?**
(a) Very high (b) High (c) Moderate (d) Low (e) Very low
2. **During high school, did you have experiences of academic or social interaction with boys outside the school environment (such as in educational classes, cultural activities, etc.)?**
(a) Yes, frequently (b) Yes, occasionally (c) Rarely (d) Almost never
3. **In your opinion, what impact did studying in a single-gender school have on your personality and self-confidence during that period? Please explain.**
4. **How would you evaluate your general level of self-confidence in the university environment?**
(a) Very high (b) High (c) Moderate (d) Low (e) Very low
5. **How comfortable do you feel asking questions to professors during class?**
(a) Very comfortable (b) Comfortable (c) Moderately comfortable (d) Slightly comfortable
(e) Not comfortable at all
6. **In a course such as “Introduction to Programming” or other technical subjects, if you encounter a problem, how likely are you to ask your question in the general class setting?**
(a) I would definitely ask
(b) I would most likely ask
(c) I would prefer to ask the professor or my friends after class
(d) I would never ask
7. **Describe a situation at university where, due to a lack of self-confidence, you refrained from engaging in an activity (such as giving a presentation, asking an important question, or participating in a group project).**
8. **Your university is a coeducational environment. How do you think the presence of male students in classes has affected your classroom participation and comfort level?**
(a) Very positive impact (their presence has helped create a better academic and competitive atmosphere)
(b) Positive impact (I have not had any particular issues and feel comfortable)

- (c) No impact (it makes no difference to me)
 - (d) Negative impact (it has sometimes made me less likely to ask questions or participate)
 - (e) Very negative impact (it has generally caused stress and discomfort for me)
9. **How prepared do you feel to work in a mixed-gender work environment (with male colleagues) after graduation?**
- (a) Completely prepared (b) Mostly prepared (c) Moderately prepared (d) Slightly prepared
 - (e) Not prepared at all and concerned
10. **What is your biggest concern about working in a mixed-gender environment? (You may select more than one option.)**
- (a) My abilities are being overlooked by male colleagues
 - (b) Difficulty in maintaining professional and formal communication
 - (c) Being judged based on gender rather than expertise
 - (d) Feeling uncomfortable or stressed
 - (e) I have no particular concerns
 - (f) Other: _____
11. **In your opinion, what advantages and disadvantages has studying in a coeducational university had for your future professional and social life?**
